1. With the artwork face down, fold each corner to the opposite corner, open paper up. You should have creases in your paper that look like this.
2. Fold all corners to the center of the paper.
3. Your paper should look like this.
4. Now, turn your paper over so the folds you just made are face down.
5. Just like in Step 2, fold all corners to the center of the paper.
6. Your paper should now look like this.
7. Fold your paper in half vertically and horizontally.
8. Insert your thumbs and pointer fingers underneath the tabs to "tent" them out.
